

Acorn Class Remote Learning Plan Summer term 1

Hello, we hope that you are all managing and are not finding things too stressful - your wellbeing is, as always, our first priority!

The government have instructed us to provide remote learning contingency plans for you to use with your children at home that match, as closely as possible, the learning sequence happening in school. They expect us to provide you with a mixture of online and offline resources and links to videos designed to support learning. The government also expects us to engage with parents and to allow you to submit work for assessment and feedback.

If you or your child becomes unwell during this period, please email the school and let us know as we do not expect them to complete remote learning tasks if they are sick or if you are unable to support them. We do understand that this time will be challenging for us all.

Please support your child with their remote learning. Please select three pieces of work from different subject areas to send us over the course of your remote learning, for example a piece of Maths, Writing and Art to send to us via email so that we can see what they have been doing. You might choose to send us a word document, a photograph of them working or a screenshot of their finished piece of work. If there are any questions, please do not hesitate to email us at annie.garlick@benington.herts.sch.uk or vanessa.welch@benington.herts.sch.uk

Below are a range of activities from across the Early Years curriculum. **This represents one week of activities.** Please choose a range each day.

Please do a Reading, Phonics and Maths activity each day, then select one other activity from the list.

For more ideas, please look at the remote learning Acorn tab on the school website
