

Benington C of E Primary School

HEALTH & SAFETY POLICY

Written	Reviewed	Next Review Date	Author	Adopted by Governors	Sub-Policies
April 2014	MAY 2020	MAY 2021	Barbara Swann	December 2018	

PLEASE SEE COVID-19 RISK ASSESSMENTS ALONGSIDE THIS POLICY. THESE SUPERCEDE ANY OTHER PROCEDURES.

PART 1. STATEMENT OF INTENT

The Governing Body of Benington will strive to achieve the highest standards of health, safety and welfare consistent with their responsibilities under the Health and Safety at Work etc Act 1974 and other statutory and common law duties.

This statement sets out how these duties will be conducted and includes a description of the school's organisation and arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are given in the arrangements section.

This policy will be brought to the attention of, and/or issued to, all members of staff. A reference copy is kept in the school office.

This policy statement and the accompanying organisation and arrangements will be reviewed on an annual basis.

This policy statement supplements:

Hertfordshire County Council's (HCC) Health and Safety Policy.

Educational Visits, Medical Conditions and Managing Medicines, Behaviour, Physical intervention Policy.

Barbara Swann, Headteacher

Date.....12/12/2019

PART 2. ORGANISATION

As the employer the LA has overall responsibility for Health and Safety in Community and Voluntary Controlled Schools.

At a school level duties and responsibilities have been assigned to staff and governors as detailed below.

Responsibilities of the Governing Body

The Governing Body are responsible for ensuring health and safety management systems are in place and effective. They fulfil a strategic role in health and safety and are not expected to be involved in day to day management of the school.

As a minimum these systems should adhere to the LA's health and safety policy, procedures and standards as detailed in the [Education Health and Safety Manual](#).

A Health & Safety Governor, Anja Tyler, has been appointed to receive relevant information, monitor the implementation of policies and procedures and to feedback health and safety issues and identified actions to the Governing Body.

The Governing body will receive regular reports from the Headteacher or other nominated member of staff in order to enable them to provide and prioritise resources for health and safety issues.

Where required the Governing body will seek specialist advice on health and safety which the establishment may not feel competent to deal with.

HCC's Health and Safety Team are contactable on 01992 556478 and at healthandsafety@hertfordshire.gov.uk and provide competent health and safety advice for Community, Community Special and VC schools.

Responsibilities of the Headteacher

Overall responsibility for the day to day management of health and safety in accordance with the LA's health and safety policy rests with the Headteacher.

The Headteacher has responsibility for:

- Co-operating with the LA and Governing Body to enable health and safety policy and procedures to be implemented and complied with.
- Communicating the policy and other appropriate health and safety information to all relevant people including contractors.

- Ensuring effective arrangements are in place to pro-actively manage health and safety by conducting and reviewing inspections and risk assessments and implementing required actions.
- Reporting to the Governing body on health and safety performance and any safety concerns/ issues which may need to be addressed by the allocation of funds.
- Ensuring that the premises, plant and equipment are maintained in a safe and serviceable condition.
- Reporting to the LA any significant risks which cannot be rectified within the establishment's budget.
- Ensuring all staff are competent to carry out their roles and are provided with adequate information, instruction and training.
- Ensuring consultation arrangements are in place for staff and their trade union representatives (where appointed) and recognising the right of trade unions in the workplace to require a health and safety committee to be set up.
- Monitoring purchasing and contracting procedures to ensure health and safety is included in specifications & contract conditions.

Whilst overall responsibility for health and safety cannot be delegated the Headteacher may choose to delegate certain tasks to other members of staff.

The task of co-ordinating health and safety on the site has been delegated by the head to the Deputy Head, Anja Tyler.

Responsibilities of the Health & Safety Co-ordinator

The Deputy Head will:

- Apply the school's health and safety policy to their own department or area.
- Ensure staff under their control are aware of and follow relevant published health and safety guidance (from sources such as CLEAPSS, AfPE etc.)
- Ensure health and safety risk assessments are undertaken for the activities for which they are responsible and that identified control measures are implemented.
- Ensure that appropriate safe working procedures are brought to the attention of all staff under their control.
- Take appropriate action on health, safety and welfare issues referred to them, informing the head of any problems they are unable to resolve within the resources available to them.
- Carry out regular inspections of their areas of responsibility and report / record these inspections.

- Ensure the provision of sufficient information, instruction, training and supervision to enable staff and pupils to avoid hazards and contribute positively to their own health and safety.
- Ensure that all accidents (including near misses) occurring within their area of responsibility are promptly reported and investigated.

Responsibilities of employees

Under the Health and Safety at work Act etc 1974 all employees have general health and safety responsibilities. All employees are obliged to take care of their own health and safety whilst at work along with that of others who may be affected by their actions.

All employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work.
- FOLLOW UPTODATE ADVICE ABOUT KEEPING THEMSELVES AND OTHERS SAFE. EMPLOYEES WILL BE KEPT UP TO DATE THROUGH ONLINE STAFF MEETINGS AND EMAILS. IT IS THEIR RESPONSIBILITY TO READ AND IMPLEMENT OF PROCEDURES.
- Comply with the school's health and safety policy and procedures at all times.
- Report all accidents and incidents in line with the reporting procedure.
- Co-operate with school management on all matters relating to health and safety.
- Not to intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare.
- Report all defects in condition of premises or equipment and any health and safety concerns immediately to their line manager.
- Ensure that they only use equipment or machinery that they are competent / have been trained to use.
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons.

PART 3. ARRANGEMENTS

Detailed information on the LA's expectations are provided in the [Education Health and Safety Manual](#).

- Appendix 1 - Risk Assessments
- Appendix 2 - Offsite visits
- Appendix 3 - Health and Safety Monitoring and Inspections
- Appendix 4 - Fire Evacuation and other Emergency Arrangements
- Appendix 5 - Fire Prevention, Testing of Equipment
- Appendix 6 - First Aid and Medication
- Appendix 7 - Accident Reporting Procedures
- Appendix 8 - Health and Safety Information and Training
- Appendix 9 - Personal safety / lone Working
- Appendix 10 - Premises Work Equipment
- Appendix 11 - Flammable and Hazardous Substances
- Appendix 12 - Asbestos
- Appendix 13 - Contractors
- Appendix 14 - Work at Height
- Appendix 15 - Moving and Handling
- Appendix 16 - Display Screen Equipment
- Appendix 17 - Vehicles
- Appendix 18 - Lettings
- Appendix 19 - Minibuses
- Appendix 20 - Stress
- Appendix 21 - Legionella

Appendix 22 - School Swimming and pools

Appendix 23 - Work Experience

APPENDIX 1

RISK ASSESSMENTS

General Risk Assessments

The school conducts and documents risk assessments for all activities presenting a significant risk. These are co-ordinated by Anja Tyler following guidance contained in the [Education Health and Safety Manual](#) and are approved by the Headteacher/Deputy Head.

Risk assessments are available for all staff to view and are held centrally in Headteacher's office. These assessments will be reviewed on an annual basis or when the work activity changes, whichever is the soonest. Staff will be made aware of any changes to risk assessments relating to their work.

Individual Risk Assessments

Specific assessments relating to staff member(s) or pupil(s) are held on that individual's file and will be undertaken by Anja Tyler.

Such risk assessments will be reviewed on a regular basis.

It is the responsibility of all staff to inform their line manager of any medical conditions (including pregnancy) which may impact upon their work.

Curriculum Activities

Risk assessments for curriculum activities will be carried out by class teachers/subject leaders using the relevant codes of practice and model risk assessments detailed below. Whenever a new course is adopted or developed all activities are checked against these and significant findings incorporated into texts in daily use e.g, lesson plans.

All LA schools have a subscription to [CLEAPSS](#) and their publications are used as sources of model risk assessment within Science, Art and DT.

See

- CLEAPSS technology site <http://dt.cleapss.org.uk/>;
- CLEAPSS science site <http://science.cleapss.org.uk/>
- CLEAPSS primary school's site <http://primary.cleapss.org.uk/>

In addition the following publications are used within the school as sources of model risk assessments:

- Be Safe! Health and Safety in primary science and technology, 4th Edition ASE
- National Society for Education in Art & Design (NSEAD)
<http://www.nsead.org/hsg/index.aspx>
- Safe Practice in Physical Education and School Sport' Association of PE 'afPE'
<http://www.afpe.org.uk/>

APPENDIX 2

OFFSITE VISITS

HCC has adopted the Outdoor Education Advisory Panel's (OEAP) [national guidance](#) for learning outside the classroom and offsite visits and all offsite visits will be planned following this guidance available via <https://oeapng.info/>

Responsibilities of key roles are outlined by the OEAP here:

[Visit leader](#)

[EVC](#)

[Headteacher](#)

HCC's policy for the management of Learning outside the classroom and offsite visits is available here <https://www.thegrid.org.uk/info/healthandsafety/visits/manual.shtml>

The LA's Offsite Visits Advisor must be notified of all level 3 trips, which include self-led adventurous activities, fieldwork trips to open or "wild" country, and all trips overseas. This will be done via the use of Evolve, the online notification and approvals system.

Evolve is used for the planning and approval of offsite visits. Relevant risk assessments, participant's names etc. will be attached electronically as required. [The school also have their own set of standard operating procedures and risk assessments for local learning areas (routine / low risk activities taking place near the school)]

The member of staff planning the trip (visit leader) will submit all relevant paperwork and risk assessments relating to the trip to the school's Educational Visits Co-ordinator (Sarah Cotton) who will check the documentation and planning of the trip and if acceptable refer the visit for approval to Barbara Swann

HCC recommends that the EVC should attend training and refresher training every 3 -5 years.

APPENDIX 3

HEALTH AND SAFETY MONITORING AND INSPECTION

. A formal inspection of the site will be conducted on a 6 monthly basis and be undertaken / coordinated by Anja Tyler and John Halfacre.

Inspections of individual departments will be carried out by Heads of Department or nominated staff.

In both cases the person(s) undertaking inspection will complete a report in writing and submit this to the headteacher Barbara Swann. Responsibility for following up items detailed in the safety inspection report will rest with Anja Tyler.

A named governor John Halfacre will be involved in monitoring the school's health and safety management systems on at least an annual basis and report back to both the relevant sub-committee and full governing body meetings.

Advice and pro forma inspection checklists to assist the monitoring process can be found in the [Education Health and Safety Manual](#).

Inspections will be conducted jointly with the establishment's health and safety representative(s) if possible.

APPENDIX 4

FIRE EVACUATION AND OTHER EMERGENCY ARRANGEMENTS

The headteacher is responsible for ensuring the school's fire risk assessment is undertaken and implemented following guidance contained in '[Fire safety risk assessment; Educational premises](#)' and the [Education Health and Safety Manual](#).

The fire risk assessment is located in the risk assessment file and will be reviewed on an annual basis.

Emergency Procedures

Fire and emergency evacuation procedures are detailed in the staff handbook and a summary posted in each classroom and by each exit. These procedures will be reviewed at least annually and are made available to all staff as part of the school's induction process.

Evacuation procedures are also made available to all contractors / visitors.

Emergency exits, fire alarm call points, assembly points etc are clearly identified by safety signs and notices.

Emergency contact and key holder details are maintained by Sarah Cotton and updated to the LA via Solero.

Fire Drills

- Fire drills will be undertaken at least termly and results recorded in the fire log book.

Fire Fighting

- Ensure the alarm is raised BEFORE attempting to tackle a fire.
- The safe evacuation of persons is an absolute priority. Staff may only attempt to deal with small fires, **if it is safe to do so without putting themselves at risk**, using portable fire fighting equipment.

Staff are made aware of the type and location of portable fire fighting equipment and receive basic instruction in its correct use.

Details of service isolation points: Water point is in corridor outside the secretary's office, electricity is in the large white cupboard in the staff room. There is no gas in the village.

Details of chemicals and flammable substances on site.

An inventory of these will be kept by the headteacher, as appropriate for consultation. A copy is also available in the cleaning cupboard

APPENDIX 5

INSPECTION /MAINTENANCE OF EMERGENCY EQUIPMENT

Barbara Swann is responsible for ensuring that the school's fire log is kept up to date and that the following inspection / maintenance is undertaken and recorded in the fire log book located in headteacher's office.

FIRE ALARM SYSTEM

Fire alarm call points will be tested weekly in rotation. This test will occur on Monday morning just before the staff briefing at 08.30 am.

Any defects on the system will be reported immediately to the alarm contractor / electrical engineer Clymac 01509 323651.

A fire alarm maintenance contract is in place with Clymac and the system tested twice a year by them.

FIRE FIGHTING EQUIPMENT

Weekly in-house checks that all fire fighting equipment is available for use and operational and for any evidence of tampering. This is undertaken by Andy Digby. Chubb undertakes an annual maintenance service of all fire fighting equipment.

Defective equipment or extinguishers that need recharging should be taken out of service and reported direct to Chubb on 0800 321666.

EMERGENCY LIGHTING SYSTEMS

These systems will be checked for operation monthly in house and annually a full discharge test and certification of the system will be undertaken by Plowright Hinton 01707 336969.

MEANS OF ESCAPE

Daily checks for any obstructions on exit routes and ensures all final exit doors are operational and available for use. This is undertaken by Andy Digby.

APPENDIX 6

FIRST AID AND MEDICATION

The school has assessed the need for first aid provision and identified the following staff to provide first aid (both on site and where required for trips/visits and extra curricular activities)

TRAINED TO FIRST AID AT WORK LEVEL (3 days 18 hr):

TRAINED TO EYFS STANDARD (PAEDIATRIC FIRST AID, 12 hr): Annie Garlick, Hayley Jordan, Jan Presland, Clare Baker, Zanie Bicer

TRAINED TO EMERGENCY FIRST AID AT WORK LEVEL (1 DAY/6 hrs):

Julia Beaven, Sarah Cotton, Anja Tyler, Barbara Swann, Karen Macleod, Sam Pulfer, Portia Whiskin, Kelsey Stark, Jenny Dean and Donna Baxter.

OTHER TRAINING IN FIRST AID (6hr)

First aid qualifications remain valid for 3 years. Sarah Cotton will ensure that refresher training is organised to maintain competence and that new persons are trained should first aiders leave.

FIRST AID BOXES ARE LOCATED AT THE FOLLOWING POINTS: In Beech Class, the kitchen and the staffroom. There is a playground first aid kit in the corridor between Acorn and Willow Class. All other classrooms hold a small supply of plasters, wipes, gauze and tape.

Janet Presland is responsible for regularly checking (termly) that the contents of first aid boxes [including travel kits] are complete and replenished as necessary. Teaching staff are responsible for classroom supplies.

AED'S : ARE LOCATED AT THE FOLLOWING POINTS: Outside Benington Village Hall

Transport to hospital: Where a first aider considers it necessary, the injured person will be sent directly to hospital (normally by ambulance). Parents / carers will be notified immediately of all major injuries to pupils.

No casualty will be allowed to travel to hospital unaccompanied and an accompanying adult will be designated in situations where the parents/carers cannot be contacted in time.

Where there is any doubt about the appropriate course of action, the first aider will consult with the Health Service helpline (NHS Direct 0845 4647) and, in the case of pupil with the parents/carers. The local hospital is the Lister Hospital in Stevenage and the contact number is 01438 314333. The Stevenage Schools Nursing Team can be contacted on 0300 123 7572

Administration of medicines

All medication will be administered to pupils in accordance with the DfE document ["Supporting pupils at school with Medical Conditions"](#). Detailed arrangements are provided in a separate policy.

No member of staff will administer **any** medication (prescribed or non-prescribed) to children under 16 without a parent's written consent except in exceptional circumstances. Parents are responsible for ensuring that medication is in date and they sign on the paperwork to show that they understand this.

Janet Presland or the office staff are responsible for accepting medication and checking all relevant information has been provided by parents / carers prior to administering. Records of administration will be kept by office staff.

All non emergency medication kept in school is securely stored in lockable cupboards in the school office with refrigerated meds kept in clearly labelled container within fridge in the staff room with access strictly controlled. All pupils know how to access their medication. Under no circumstances will medication be stored in first aid boxes.

Emergency medication and devices such as asthma inhalers and adrenaline pens are always readily available to children and not locked away. These are kept in the child's classroom, and clearly labelled. The school have chosen to hold an emergency salbutamol inhaler for use by pupils who have been prescribed a reliever inhaler and for whom parental consent for its use has been obtained. This is stored in the main first aid cupboard in the staff room.

Individual Health Care Plans (IHCP)

Parents / carers are responsible for providing the school with up to date information regarding their child's health care needs and providing appropriate medication.

IHCP's will be put in place for those pupils with significant medical needs e.g. chronic or ongoing medical conditions such as diabetes, epilepsy, anaphylaxis etc.

The IHCP is developed with the pupil (where appropriate), parent/carer, designated member of school staff, specialist nurse (where appropriate) and relevant healthcare services. These plans will be completed at the beginning of the school year / when child enrolls / on diagnosis being communicated to the school and will be reviewed annually by Anja Tyler.

All staff are made aware of any relevant health care needs and copies of health care plans are available in the child's classroom.

Asthma care plans are kept with the inhaler and an additional copy is kept in the child's file. If a child has an inhaler but hasn't been diagnosed as asthmatic, a signed form indicating dosage is kept with the inhaler.

Staff will receive appropriate training related to health conditions of pupils and the administration of medicines by a health professional as appropriate.

ACCIDENT REPORTING PROCEDURES

Accidents to employees

Employees must report all accidents, violent incidents and near misses. Where HCC is the employer then **all** employee accidents, no matter how minor, must be reported to HCC using the online accident reporting system hosted on Solero.

Employee accident/incident forms are to be retained for a minimum of 3 years

Accidents to pupils and other non-employees (members of public / visitors to site etc.)

A local accident book which is held in the staffroom is used to record all minor incidents to non-employees, more significant incidents as detailed below must also reported to HCC using the online accident reporting system hosted on Solero.

- Major injuries.
- Accidents where significant first aid treatment has been provided.
- Accidents which result in the injured person being taken from the scene of the accident directly to hospital.
- Accidents arising from premises / equipment defects.

Parents/carers will be notified immediately of all major injuries.

Pupil accident forms are to be retained for a minimum of three years after their 18th birthday.

All major incidents will be reported to the headteacher and the Governing Body. Parents / carers will be notified immediately of all major injuries.

Accidents will be monitored for trends and a report made to the Governing Body as necessary.

The Headteacher, or their nominee, will investigate accidents and take remedial steps to avoid similar instances recurring. Faulty equipment, systems of work etc. must be reported and attended to as soon as possible. Any relevant learning points will be communicated to relevant staff and pupils.

Reporting to the Health and Safety Executive (HSE)

The headteacher is responsible for ensuring all RIDDOR reportable incidents are reported.

Incidents involving a fatality or major injury will be reported immediately to the Health and Safety Executive (HSE) on 0345 300 9923 and the Education Health and Safety team on 01992 556478.

Incidents resulting in the following outcomes must be reported to the HSE via their online reporting system <http://www.hse.gov.uk/riddor/> within 15 days of the incident occurring.

- A pupil or other non-employee being taken directly to hospital for treatment and the

accident arising as the result of the condition of the premises / equipment, due to the way equipment or substances were used or due to a lack of supervision / organisation etc.

- Employee absence or inability to carry out their normal duties as the result of a work related accident, for periods of 7 days or more (including W/E's and holidays).

See the HSE information sheet ['Incident reporting in schools'](#) EDIS1 REV 3

For VC and Community schools any incident notified to the HSE must also be reported to the LA's Health and Safety Team.

APPENDIX 8

HEALTH AND SAFETY INFORMATION & TRAINING

Consultation

The full governing body meets half termly and health, safety and welfare issues affecting staff, pupils or visitors are always on the agenda. Action points from meetings are brought forward for review by school management.

The safeguarding sub committee meets half termly to discuss health, safety and welfare issues affecting staff, pupils or visitors. Action points from meetings are brought forward for review by school management.

Staff meetings are held weekly and health and safety is a standing agenda item.

Communication of Information

Detailed information on how to comply with the LA's health and safety policy is given in the [Education Health and Safety Manual](#), which is available for reference via the Grid.

The Health and Safety Law poster is displayed in the staffroom.

The Education Health and Safety Team, Tel: 01992 556478 provide competent health and safety advice for Community, Community Special and VC schools.

Health and Safety Training

All employees will be provided with:

- A copy of and induction training in the requirements of this policy;
- update training in response to any significant change;
- training in specific skills needed for certain activities, (e.g. use of hazardous substances, work at height etc.);
- refresher training where required.

Any new instructions or restrictions will be communicated to all staff in writing, via staff meetings and recorded in minutes.

Training records will be kept in the Headteachers office. Sarah Cotton is responsible for co-ordinating health and safety training needs and for including details in the training and development plan. This includes using SIMS to ensure that refresher training is undertaken within the prescribed time limits.

The Headteacher will be responsible for assessing the effectiveness of training received.

Each member of staff is also responsible for drawing the Headteacher's / line Manager's attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence.

APPENDIX 9

PERSONAL SAFETY / LONE WORKING

The school believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to its staff.

Staff will report any such incidents to the headteacher. The school will work in partnership with the LA and police where inappropriate behaviour/ individual conduct compromises the school's aims in providing an environment in which the pupils and staff feel safe.

Lone working

Staff are encouraged not to work alone in school. Work carried out unaccompanied or without immediate access to assistance should be risk assessed to determine if the activity is necessary. See lone working policy.

Work involving potentially significant risks (for example work at height- see risk assessment) must not be undertaken whilst working alone.

Staff working outside of normal school hours must obtain permission of the headteacher or senior member of staff and sign in and out of the school premises.

Where lone working cannot be avoided staff should ensure they have means to summon help in an emergency e.g. access to a telephone or mobile phone etc. For staff conducting home visits, expected control measures would include: mobile phone contact, notifying a colleague of visit details, expected time of return/end time and arrangement for contacting etc.

School staff responding to call outs

Nominated key holders attending empty premises where there has been an alarm activation should do so with a colleague if possible. They should not enter the premises unless they are sure it is safe to do so

APPENDIX 10

PREMISES AND WORK EQUIPMENT

All staff are required to report to Barbara Swann any problems found with plant/equipment. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair / disposal. Where premises defects are identified a dynamic assessment is conducted to determine if the area should be isolated/cordoned off whilst awaiting repair.

Andy Digby is responsible for identifying all plant and equipment in an equipment register and ensuring that any specific training or instruction needs, personal protective equipment requirements are identified and relevant risk assessments conducted where required. Equipment restricted to those users who are authorised / have received specific training which includes hedge trimmer and ladders.

Planned maintenance / inspection

Regular inspection and testing of school plant and equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept in the school office (key areas for compliance are outlined on the [Grid](#) and the DFE's Good Estate Management for Schools)

Curriculum Areas

Subject Co-ordinators are responsible for ensuring maintenance requirements for equipment in their areas are identified and implemented.

Electrical Safety

All staff will conduct a visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to Andy Digby and removed immediately where appropriate.

All portable items of electrical equipment will be subject to formal inspection and testing (Portable Appliance Testing (PAT)) on an identified cycle (dependant upon the type of equipment and the environment it is used in). All earthed equipment (class 1) and cables attached to such equipment will be tested annually.

This inspection and testing will be conducted by Plowright Hinton annually.

Janet Burchell is responsible for keeping an up-to-date inventory of all relevant electrical appliances and the caretaker is responsible for ensuring that all equipment is available for testing.

Personal items of equipment (electrical or mechanical) should not be brought into the school without prior authorisation and must be subjected to the same tests as school equipment.

A fixed electrical installation test (fixed wire test) will be conducted by Plowright Hinton Ltd on a 5 year cycle.

Records of these inspections and certification will be maintained and remedial works arising acted upon in a timely manner.

External play equipment

External play equipment will only be used when appropriately supervised.

This equipment will be checked daily before use for any apparent defects, and

Andy Digby will conduct a formal termly inspection of the equipment.

PE and Play equipment is subject to an annual inspection by John Greenhill.

APPENDIX 11

FLAMMABLE AND HAZARDOUS SUBSTANCES

Every attempt will be made to avoid, or choose the least harmful of, substances which fall under the “***Control of Substances Hazardous to Health Regulations 2002***” (COSHH Regulations).

Within curriculum areas (in particular science and DT) subject co-ordinators are responsible for COSHH and ensuring that an up to date inventory and model risk assessments contained in the relevant national publications are in place. (CLEAPSS, Association for Science Education's "Topics in Safety" etc.)

In all other areas the establishment's nominated person(s) responsible for substances hazardous to health is Barbara Swann.

They shall ensure:

- an inventory of all hazardous substances used on site is compiled and regularly reviewed.
- material safety data sheets are obtained from the relevant supplier for all such materials.
- If required, COSHH risk assessments are conducted and that these assessments are seen and understood by those staff that are exposed to the product/substance.
- all chemicals are appropriately and securely stored out of the reach of children.
- all chemicals are kept in their original packaging and labelled (no decanting into unmarked containers).
- suitable personal protective equipment (PPE) has been identified and available for use. PPE is to be provided free of charge where the need is identified as part of the risk assessment.

Where persons may be affected by their use on site, Barbara Swann is responsible for ensuring that COSHH assessments are available from contractors (this applies to both regular contracts such as cleaners and caterers and from builders, decorators, flooring, specialists etc)

ASBESTOS

APPENDIX 12

An asbestos survey and management plan is in place for the school in accordance with [HCC's asbestos policy](#). The school's most recent asbestos management survey was conducted on 31st March 2013.

The school's asbestos log (including school plans, asbestos survey data and site specific management plan) is held in the office by office staff.

The Headteacher will ensure that **all** school staff (and others such as catering and cleaning staff who may not be employed directly by the school) are made aware of the location of asbestos containing materials (ACM) within their work areas.

Under no circumstances must staff undertake any work which could disturb the fabric of the building or fixed equipment, e.g. affixing anything to walls without first obtaining approval from an Asbestos Authorising Officer. (Even stapling / pushing a drawing pin into ACM may result in the release of fibres into the air.)

In the event of any damage occurring to materials known or suspected to contain asbestos this will be reported to one of the school's asbestos authorising officers and the area immediately evacuated and closed / locked off.

Professional advice will be sought and details of the incident reported to HCC's asbestos team asbestos@hertfordshire.gov.uk.

The school's asbestos authorising officers are Andy Digby and Barbara Swann and refresher training is required 3 yearly.

Prior to **any** work commencing on the fabric of the building or fixed equipment (e.g. boiler), either by contractors or school staff, one of the asbestos authorising officers **must** check the asbestos log and establish whether permission to work can be given.

The Headteacher / asbestos authorising officers shall ensure:

- That the asbestos log is consulted at the earliest possible opportunity and that **all** work affecting the fabric of the building or fixed equipment is entered in the permission to work log and signed by those undertaking the work.
- A visual inspection of asbestos containing materials remaining on site is conducted and recorded (legal requirement to do so annually as a minimum).

- The limitations of the management survey and areas of the building that have **not** been surveyed are understood and considered as part of the permission to work process e.g. areas above 3m in height, within ceiling voids (where panels / tiles are fixed), floor voids and ducts etc.
- All records pertaining to asbestos are effectively maintained and retained (legal requirement to do so for a period of 40 years).
- The school's asbestos management plan is kept up to date and that any asbestos works (removal, new project specific surveys etc.) are notified to the LA via asbestos@hertfordshire.gov.uk.
- Where more invasive works and / or works which go beyond the limitations of the management survey are planned, a refurbishment / demolition survey will be commissioned to obtain a comprehensive assessment of all ACMs that could be affected prior to the works commencing.

APPENDIX 13

CONTRACTORS

All contractors used by the school shall ensure compliance with relevant health and safety legislation, guidance and good practice.

All contractors must report to the school office where they will be asked to sign the visitor's book and wear an identification badge. Contractors will be issued with guidance on emergency procedures, relevant risks, and local management arrangements.

Andy Digby is responsible for monitoring areas where the contractor's work may directly affect staff and pupils and checking whether expected controls are in place and working effectively.

School managed projects

The [Construction \(Design and Management\) Regulations 2015](#)¹ applies to all building, demolition, repair and maintenance or refurbishment work.

Where the school undertakes projects direct the governing body are considered the 'client' and therefore have additional statutory obligations. These projects are managed by Dennis Preston on the school's behalf who will ensure landlords consent has been obtained and, where applicable, all statutory approvals, such as planning permission and building regulations have been sought.

To ensure contractor competency the school uses a property framework contractor as a method of procuring works. These contractors have satisfied the County Council that they understand and abide by health and safety regulations. Details can be found at:

<http://www.thegrid.org.uk/info/premises/property.shtml>

When considering the appointment of contractors outside of Hertfordshire frameworks, Dennis Preston (governor) will undertake appropriate competency checks prior to engaging a contractor

¹ Such projects are notifiable to the HSE where the work exceeds 30 days or involves more than 500 person days of work. In such instances and/ or if there will be more than 1 contractor on site at the same time (in which case a principal designer and principal contractor must be appointed in writing by the client) it is recommended that an agent be used to work on the schools behalf.

i.e.

they have sufficient skills, knowledge and experience) to do the job safely, the degree of competence required will depend on the work to be done.

Contractors will be required to provide a construction phase plan, risk assessments and method statements detailing the safe systems of work to be used prior to works commencing on site.

Risk assessments and method statements shall be specific to the site and all aspects of the works to be undertaken. The school, contractors and any subcontractors involved will exchange relevant information regarding the work activities and agree the risk assessments.

APPENDIX 14

WORK AT HEIGHT

Working at height can present a significant risk, where such activities cannot be avoided a task specific risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees authorised to work at height.

Storage above head height is minimised as far as possible, where this cannot be avoided only light-weight and rarely-used items are stored there.

When working at height (including accessing storage or putting up displays) appropriate kick stools are to be used. Staff must not climb onto chairs etc.

Only those persons who have been trained to use ladders safely may use them.

Basic instruction is provided to all staff who use ladders / stepladders

<http://www.hse.gov.uk/pubns/indg455.htm>

Formal training on work at height, use of ladders, mobile tower scaffolds etc. will be provided where a significant risk is identified as part of an individual's role e.g. site staff- Andy Digby

The establishments nominated person(s) responsible for work at height is Andy Digby

The nominated person(s) shall ensure:

- all work at height is properly planned and organised;
- the use of access equipment is restricted to authorised users;
- all those involved in work at height are trained and competent to do so;
- the risks from working at height are assessed and appropriate equipment selected;

- a register of access equipment is maintained and all equipment is regularly inspected and maintained and
- any risks from fragile surfaces is properly controlled.

APPENDIX 15

LIFTING AND HANDLING

Generic risk assessments for regular manual handling operations are undertaken and staff provided with information on safe moving and handling techniques.

Staff should ensure they are not lifting heavy items and equipment unless they have received training and/or equipment in order to do so safely.

Those manual handling activities which present a significant risk to the health and safety of staff, will be reported to Anja Tyler, and where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees who must follow the instruction given when carrying out the task.

Paediatric Moving and Handling

All staff who move and handle pupils have received appropriate training (both in general moving and handling people techniques and specific training on any lifting equipment, hoists, slings etc. they are required to use).

All moving and handling of pupils has been risk assessed and recorded by a competent member of staff.

APPENDIX 16

DISPLAY SCREEN EQUIPMENT (DSE)

All staff who use computers daily, as a significant part of their normal work (*significant is taken to be continuous / near continuous spells of an hour or more at a time*) e.g. admin / office staff shall have a DSE assessment carried out.

Staff identified as DSE users are entitled to an eyesight test for DSE use every 2 years by a qualified optician (and corrective glasses if required specifically for DSE use).

Advice on the use of DSE is available in the [Education Health and Safety Manual](#)

APPENDIX 17

VEHICLES ON SITE

Vehicular access to the school is restricted to school staff and visitors only and not for general use by parents / guardians when bringing children to school or collecting them.

Access to the school must be kept clear for emergency vehicles.

The vehicle access gate must not normally be used for pedestrian access. A risk assessment has been drawn up for the use of the car park.

APPENDIX 18

LETTINGS / SHARED USE OF PREMISES

Lettings are managed by office staff following HCC guidance.

APPENDIX 19

STRESS / WELLBEING

The school and governing body are committed to promoting high levels of health and well-being and recognise the importance of identifying and reducing workplace stressors through risk assessment, in line with the HSE and HCC's management standards.

Performance Management, mentoring, staff able to speak to headteacher/senior management, Jan Presland (nurture TA) are all in place to help.

APPENDIX 20

LEGIONELLA

A water risk assessment of the school has been completed by SDG in October 2018 and Andy Digby is responsible for ensuring that the identified operational controls are being conducted and recorded in the school's water log book. This risk assessment should be reviewed where significant changes have occurred to the water system and/or building footprint. :

The risks from legionella are mitigated by basic operational controls and thus the following checks are recorded.

- Water is heated and stored to 60 deg C at calorifiers (any vessel that generates heat within a mass of stored water);

- Weekly flushing of seldom used outlets and all showers (with all outlets flushed after school holiday periods);
- Monthly temperature checks on sentinel outlets (those nearest and furthest away from calorifiers);
- Quarterly disinfection / descaling of showers;
- Six monthly temperature checks of stored water;
- Stored cold water tanks are inspected for compliance and safety on an annual basis by SDG and tank water temperature recorded.
- **All records relating to the management of legionella must be kept for 5 years.**

APPENDIX 21

SCHOOL SWIMMING

Primary school swimming in public

This will be planned as an offsite visit in line with the school's policy.

The school will obtain a copy of the pool's normal operating procedure (NOP) and emergency action plan (EAP) which identify the safety arrangements for the host pool.

In addition the school will obtain assurance over:

- The level of training of the swimming teacher(s);
- Pupil / swimming teacher ratios;
- Rescue / lifeguard provision provided.
- Changing provision/arrangements.
