Benington C of E Primary School

Leading Parent Partnership Award 2017 - 2020

We are delighted to say that Benington School have achieved the 'Leading Parent Partnership Award'. Thank you to all the staff, governors and parents who helped the school work towards this award.

The award was based on 15-18 months of work and is only awarded where there is an on-going commitment to developing and maintaining strong links with parents, so that they participate more fully in their child's learning.

We are committed to building upon our already strong links, so that we can better help parents to support their son or daughter.

The award itself is based on a number of criteria, principally in the following areas;

1. Communication with parents
2. Quality of the school environment
3. Opportunities for family and lifelong learning
4. Opportunities for joint parent/child learning
5. Induction for parents
6. Information for parents
7. Feedback for parents on student progress
8. Seeking parents' views and providing feedback
9. Parental engagement in transition
10. Parent volunteering and contribution
11. Parental involvement in celebrating success
