PHSE (Personal, Social, Health and Economic Education)	<p><b>Health and Wellbeing - It's My Body</b></p> <p>The It's My Body unit explores choices that children can make about looking after their bodies. The lessons look at key areas where children can make safer choices: their body, sleep and exercise, diet, cleanliness and substances. Children will learn facts about each of these areas and learn strategies to manage them. The message of choice and consent runs through the unit and children are encouraged to get help from trusted adults when necessary.</p>	<p><b>Living in the Wider World - Aiming High</b></p> <p>In this unit of work, children will learn about having high aspirations. They will start by discussing positive views of themselves and will then identify how having a positive learning attitude can help them tackle and achieve new learning challenges and improve learning outcomes. Opportunities will also be provided for children to share aspirations for the future, with regard to employment and personal goals. Through this learning, different jobs and roles will be considered. In doing this, some of the difficulties faced by stereotyping will be explored. Children will also have the opportunity to discuss what they are looking forward to about their learning next year.</p>

A few reminders

- This term PE is on a Monday and Thursday, please also read the newsletter to keep up to date with any changes to this; PE kit should be worn into school on these days.
- Please also remember to send in a water bottle everyday (especially PE days). Children will be spending time outdoors during Summer term and its important they keep hydrated.
- (Year 2 only) Spellings for the half term have been sent home in your child's reading record book. Spellings will be tested in school on a Friday.
- We read regularly in class, both through independent reading, guided reading and reading aloud to the class to encourage reading for pleasure. Furthermore, we aim to read with every child once a week (this is through shared reading and individual reading), to assess word recognition and language comprehension. We remind children to change books in the morning (8.45 to 9.00) when needed. You can support your child by listening to them read regularly and asking questions to ensure they have understood the meaning of the words and can explain events in the book. Please ensure their book is in school every day.
- Please do not send children into school with toys or teddies. There is equipment for the children to play with during break time, lunchtime and golden time. There have been a few occasions were children have lost toys and it has caused upset, toys are much better safe and sound at home.
